

# How we started...

Donald F. (Sr.) and Bette Knapp's daughter, Lori, entered a state institution at an early age. However, they strongly felt that she would benefit from individualized services in her hometown, free from the confines of an institution. Their dream for Lori led to the formation of what is now the Lori Knapp Companies, the fruit of Don & Bette's love for their daughter.

In November, 1972, Cass Street, the first group home in Wisconsin, was established, and Lori and seven other children left the institution to begin a new life in Prairie du Chien.

Since that date, Lori and the others have thrived. Homelike settings have resulted in greater personal growth.

The Lori Knapp Companies now operate in over 20 counties and serve more than 300 individuals throughout the state of Wisconsin.

## Residential Services
